

Change in Expertsoft Systems AG Operational Management

After 24 years at the helm of Expertsoft, Urs-Peter Oehen today hands over the role of CEO to Philipp Bisang. Urs-Peter will continue to guide Expertsoft strategy as Chairman of the Board of Directors, and as CFO will help drive continued growth of the Group companies.

Philipp Bisang, dipl. Ing. ETH, has 15 years of financial industry experience, joining Expertsoft in 2010 as Sales Manager. In 2012 he joined the company management and in the role of Head of Sales has spearheaded Expertsoft's sales growth during recent years.

In addition to his new responsibilities as CEO, Philipp Bisang retains his role as Chief Sales Officer. Retaining their functions are Dominic Greenwood as Chief Operating Officer Group, Peter Neurath as Chief Technology Officer, George Prapopoulos as Chief Operating Officer and Danijel Stojnic as Chief Development Officer.

A special thank you to Dieter Strohm who retires from Expertsoft executive management after many years of service, while maintaining his position as Managing Director of Expertsoft Luxembourg.
